The Complete Book of Essential Oils and Aromatherapy by

While this book has some useful information, it is lacking in several ways. First and foremost, the lack of oil safety for usage is big. Secondly, it has some extremely outdated content. Be sure to have a more recent oil book to go along side this if you need a good reference book for your essential oil use.

Essential Oils Guide Best Essential Oils Dr Axe

Essential oils are composed of very small molecules that can penetrate your cells, and some compounds in essential oils can even cross the blood-brain barrier. They differ from fatty oils (like those in vegetables or nuts) that come from large molecules because they cannot penetrate your cells, so they are not therapeutic in the same manner.
