### **Summer Reading What Alice Forgot by Liane Moriarty**

Employing the old amnesia trick from countless novels and films, Liane Moriarty's What Alice Forgot (Amy Einhorn) centers on a woman who goes to the gym, hits her head, and loses all memory of the past decade, which was apparently quite eventful.

### **What Alice Forgot by Liane Moriarty Paperback Barnes**

For me, What Alice Forgot was just an ok book. There are some really good moments with the children as she tries to learn to relate to these little people she doesn't remember. There are good lessons to be learned about moderation, in life, in family, in friendship.

### **What Alice Forgot Liane Moriarty 9780399157189 Amazon**

This may have been the singularly most boring book that I have read in the past ten years. The author took an interesting concept and did nothing with it. I read chapter after chapter waiting for something significant to happen, but it didn't. At the end of the book, I said to my wife, that I wanted to forget what Alice forgot. If I had led her life, I would have wanted to forget it out of boredom.

### **Frontier Reads What Alice Forgot**

After clarification of the movie versus the book, I opted to pony up and read What Alice Forgot as I was \$9.99 committed by the book's purchase. I was also temporarily comforted that this would not be a sad book because though this was temporary memory loss (sad), it was not Alzheimer's irreversible memory loss (very sad).
