### **The Maze Runner Files Maze Runner eBook amazon de**

The Maze Runner files are an interesting addition into the story of The Maze Runner series. I found the background information of WICKED (such as the emails) and The Flare very intriguing. There are also a few extra stories about the main characters. Only about half of the novella are the files. The other half is the first look at Dashner's new book, The Eye of Minds. Anyone who has read the series and enjoyed it as much as I did will enjoy the extra peak behind the curtain.
