Books About Mars Astrodigital

The book takes its name from a conference that is held every three years to address the issues of Mars exploration and it presents a new strategy on how we can successfully carry out low-cost manned missions to Mars. This book is in my personal collection and is recommended reading for people who have an interest in seeing humans make the trip to Mars one day.

Mars in fiction Wikipedia

Lowell's books on Mars expanded on this notion of Martian canals, and a standard model of Mars as a drying, cooling, dying world was established. It was frequently speculated that ancient Martian civilizations had constructed irrigation works that spanned the planet in an attempt at saving their dying world.
