The Holy Spirit in the Book of Acts Preaching Source

The fact that the vast majority of the references to the Holy Spirit in the book of Acts are found in the first half of the book has raised a question mark after the contention that the concept of the Holy Spirit determines the structure of Acts. There are eleven chapters in Acts that contain no reference to the Spirit. After 21:11 the Spirit is mentioned only once again (28:25), and that when a quotation from Isaiah is said to have had the Holy Spirit as its author.

Top 5 Books on the Holy Spirit Seedbed

This book is one of the finest treatments of the Holy Spirit and is structured as commentary on an ancient prayer, Veni Creator. It is packed with theological insight, but even better, nearly every line invites the reader to pause, reflect, and ultimately enter in worship. The formative power of this book is equal to its theological insight, and so its accomplishments are unmatched.

Seven books Christians should read on the Holy Spirit

This is one of my all-time favorite books on the Holy Spirit. Ferguson manages to mostly maintain the difficult balance of being theological and devotional in his writing, something few authors can do. It is a more involved read than Sproul s work above, and skews a bit academic at times, but it s well worth the effort.
