The Good Nurse depicts Charlie Cullen as an angel of death. In the truest sense this may be the term that is used to describe someone who murders his/her patients. Though angels are not always good, I've always seen them as such.

The Good Nurse Charles Graeber PDF download

As a reader I found this book a quick read, interesting and more than a little scary. As a nurse I was horrified that this menace was let loose to murder again and again and the corporate heads of hospitals were more concerned with themselves than saving patients lives.

The Good Nurse A True Story of Medicine Madness and

But The Good Nurse succeeds in being about much more than Mr. Cullen's murderous kinks. The causes of his pathology are not interesting. But the eagerness of ambitious hospital administrators to cover up his misdeeds is revelatory. And the police investigation that brought him down is a thriller in every sense of that word.

The Good Nurse A True Story of Medicine Madness and

I enjoyed the book, just goes to show how a nurse is in a privilege place to care for the most vulnerable. I was surprise though how long it took to have this guy discovered, I don't think this could happen in 2013.
